

Crop Protection Data Entry Workflow Best Practices

Step by Step Instructions

1. Navigate to **Plan > Crop Protection Applications**.

2. [Create](#) Crop Protection applications.

If you enter in a Custom product while creating your Crop Protection Applications, email data.support@premiercrop a copy of the tech sheet and inform them of the Grower you entered in the product for to speed up the approval process!

PREMIER PROCESS

3. Assign the Crop Protection Applications to the desired fields.

Applications:

sb

r2 SBPost
4 Fields/ 5 Products/ Crop: Soybeans

soybea

wisBrosTheHill2022|150.66
Crop: Soybeans

MillerMillerHome|2022|154.21
Crop: Soybeans

TedITedHome|2022|154.9ac
Crop: Soybeans

Legend:

- Actual application record has been updated for a field since being created
- Actual application with user entered custom products pending approval and also updated for a field

4. Navigate to the **Actuals > Manage Crop Protection Actuals** page.

4 Premier Crop Systems

Enroll Fields Actuals

Order Soil Samples Manage Crop Protection Actuals

Farms Manage Operation Actuals

Plan Manage Nutrient Actuals

Premier Precision

PREMIER PROCESS

- You can account for any exceptions by editing at a field level. (Ex: A post application for all corn fields was the same EXCEPT FOR three of the fields got a higher rate of Roundup PowerMax 3.)

Product Type	Product	Rate	Rate Unit	Purchase Price (\$)	Purchase Unit	Acres	\$/ac	Query Rate Column
Additive	AMS Spray Grade	2	Pounds/Acre	0.4	Pound	150.66	0.8	
Additive	InterLock	4	Fluid Ounces/Acre	18.55	Gallon	150.66	0.58	
Herbicide	Liberty Herbicide	32	Fluid Ounces/Acre	46.32	Gallon	150.66	11.58	
Additive	Superb HC	9.6	Fluid Ounces/Acre	67.7	Gallon	150.66	5.08	
Herbicide	Outlook Herbicide	10	Fluid Ounces/Acre	99	Gallon	150.66	7.73	

- You will need to [assign a Query Rate Column](#) for any Fungicide, Insecticide and/or Foliar product(s) that your Grower applied.

Dashboard Demo > Demo > Lewis Bros > -- Select a Farm -- > 2022 > Load

Batch Assign Query Rate Columns for Selected Fields

Product Type: [] Product: [] Timing: [] Query Rate Column: [] Assign

12 rows do not have query rate column set.

Filter by crop or field: []

Fields (14)

PREMIER PROCESS

7. You will also need to [enter in costs](#) for the products.

Dashboard Demo > Demo > Lewis Bros > -- Select a Farm -- 2022 Load

▼ Query Rate Column - Batch Assign for Selected Fields

Product Type Product Timing Query Rate Column Assign

0 rows do not have query rate column set.

▼ Application Timing - Batch Assign for Selected Fields

Select Timing Type Assign
Please select a timing type

▼ Actual Price - Batch Assign for Selected Fields

Product	Product Type	Purchase Unit	Purchase Price (\$)	Assign 14
Outlook Herbicide	Herbicide	Gallon	99	
Volunteer	Herbicide	Gallon	75	
Enlist One	Herbicide	Gallon	49	
Calfoam ALS-30	Additive	Pint	1	
Buccaneer 5 Extra	Herbicide	Gallon	59	
PLEXUS II	Additive	Gallon	54
